ess Profits Tax Is Indirect Tax of the Most Insidious Kind."

The effect of excess profit taxes on business enterprises and on the high cost of living is so evident as "wasteful expenditure, puts a premium on overcapi talization and a penalty on brains, energy and enterprise, discourages new ventures and confirms old ventures in their monopolies." What further need be said in condemnation?

It may be appropriate, however, to indicate the fact that as the commodity or raw material passes ter, or grower, or producer to the factor, and so on to the e jobber, the wholesaler and retailer, each process of disises an addition to the cost at each stage of progress, of an mount more than sufficient in the estimate of each interer his excess profits tax and that all of these increases are e price paid by the consumer for the finished product.

ed costs have no legitimate relation to original cost. As Successor to Geo. A. Duiguit me of these costs, the head of an important manufacturing Licensed Embalmer and fi recently stated that his corporation paid in one year t ernment taxes in a sum more than double the nomina by the company, more than five times the sum distributed o the investors whose capital it utilized, and nearly twoal amount distributed to the workers by way of wages, and
